My experience

Is it worth it?

- Two years fully funded postdoc — including salary, conferences, visits and training costs.
- Attractive salary: 5080 EUR (times country correction coefficient!!!), plus 600 EUR mobility allowance, plus 660 EUR family allowance.
- 24k EUR for trips, trainings etc.
- It is considered prestigious and will be a valuable addition to your CV.
- Very broad set of topics with 8 scientific panels: Chemistry, Social Sciences and Humanities, Economic Sciences, Information Science and Engineering, Environment and Geosciences, Life Sciences, Mathematics, Physics.
- Host institution and supervisor of your choice.

Is it worth it? — update!

- Boosts your networking capabilities.
- Allows to find and connect to top collaborators.
- Serves as a formidable catalyst for gathering more funding.
- Gives you time to develop new skills outside of your field.

Thank you!
