

5th thematic workshop Climate, Energy, Mobility Emerging Value Chains Funding opportunities and Networking

Friday 16 October 2026, Time: 12:00-18.00

Registrations [here](#)

GREENET is the international network of National Contact Points (NCPs) for Cluster 5 “Climate, Energy and Mobility” supporting research and innovation activities for the Horizon Europe Framework Programme. This workshop is a great opportunity for newcomers and participants from Widening countries, to be informed about the funding opportunities offered by the HE in Cl5 thematic areas and to follow useful presentations about the services offered by NCP networks. Participants will also have the opportunity receive useful tips to prepare a successful proposal for HE Cl5 and EU Missions calls. The event offers pitching, networking and brokerage opportunities to take part in proposals for open and forthcoming calls in the Cluster 5 thematic areas and EU Missions.

The event will take place in the framework of the 19th International [Conference on "Energy and Climate Change"](#) (3rd Day – Brokerage sessions), organised by KEPA of the NKUA at the “Kostis Palamas” building in Athens. It is co-organised with [MarLEN](#) - Maritime Low Emission Network
