| B — Eligibility | 6 |
| C — Financial and operational capacity and exclusion | 18 |
| D — Award criteria | 21 |
| E — Documents | 25 |
| F — Procedure | 26 |
| G — Legal and financial set-up of the grant agreements | 29 |
| SPECIFIC CONDITIONS FOR ACTIONS WITH PCP/PPI | 36 |
| H — Specific conditions for actions implementing pre-commercial procurement or procurement of innovative solutions | 36 |

Projektu veidi....

The following activities are generally eligible for grants under Horizon Europe:

Research and innovation actions (RIA) — Activities that aim primarily to establish new knowledge or to explore the feasibility of a new or improved technology, product, process, service or solution. This may include basic and applied research, technology development and integration, testing, demonstration and validation of a small-scale prototype in a laboratory or simulated environment.

Innovation actions (IA) — Activities that aim directly to produce plans and arrangements or designs for new, altered or improved products, processes or services. These activities may include prototyping, testing, demonstrating, piloting, large-scale product validation and market replication.

Coordination and support actions (CSA) — Activities that contribute to the objectives of Horizon Europe. This excludes R&I activities, except those carried out under the ‘Widening participation and spreading excellence’ component of the programme (part of ‘Widening participation and strengthening the European Research Area’). Also eligible are bottom-up coordination actions which promote cooperation between legal entities from Member States and Associated Countries to strengthen the European Research Area, and which receive no EU co-funding for research activities.

Programme co-fund actions (CoFund) — A programme of activities established or implemented by legal entities managing or funding R&I programmes, other than EU funding bodies. Such a programme of activities may support: networking and coordination; research; innovation; pilot actions; innovation and market deployment; training and mobility; awareness raising and communication; and dissemination and exploitation. It may also provide any relevant financial support, such as grants, prizes and procurement, as well as Horizon Europe blended finance¹³ or a combination thereof. The actions may be implemented by the beneficiaries directly or by providing financial support to third parties.

Innovation and market deployment actions (IMDA) — Activities that embed an innovation action and other activities necessary to deploy an innovation on the market. This includes the scaling-up of companies and Horizon Europe blended finance.

Training and mobility actions (TMA) — Activities that aim to improve the skills, knowledge and career prospects of researchers, based on mobility between countries and, if relevant, between sectors or disciplines.

Pre-commercial procurement actions (PCP) — Activities that aim to help a transnational buyers’ group to strengthen the public procurement of research, development, validation and, possibly, the first deployment of new solutions that can significantly improve quality and

Public procurement of innovative solutions actions (PPI) — Activities that aim to strengthen the ability of a transnational buyers’ group to deploy innovative solutions early by overcoming the fragmentation of demand for such solutions and sharing the risks and costs of acting as early adopters, while opening market opportunities for industry. Eligible activities include preparing and implementing, under the coordination of a lead procurer, one joint or several coordinated PPI by the buyers’ group and additional activities to embed the PPI into a wider set of demand-side activities.

Maksimālā atbalsta intensitāte pa projekta veidiem

- Research and innovation action: 100%
- Innovation action: 70% (except for non-profit legal entities, where a rate of up to 100% applies)
- Coordination and support action: 100%
- Programme co-fund action: between 30% and 70%
- Innovation and market deployment: 70% (except for non-profit legal entities, where a rate of up to 100% applies)
- Training and mobility action: 100%
- Pre-commercial procurement action: 100%
- Public procurement of innovative solutions action: 50%

Other funding rates may be set out in the specific call conditions.

For **lump sum and unit grants**, the funding rate is already applied as part of the methodology for fixing the amounts and is therefore not shown in the grant agreement.

Izmaksu kategorijas plānojot projekta budžetu

Budget categories and cost eligibility rules

The budget categories and cost eligibility rules are fixed in the grant agreement (*Data Sheet, point 3 and article 6*).

Budget categories:

- actual costs (i.e. costs which are real and not estimated or budgeted) for:
 - personnel costs (unless declared as a unit cost; see below);
 - subcontracting costs;
 - purchase costs (unless declared as a unit cost; see below); and
 - costs of providing financial support to third parties (if provided for in the specific call conditions);
- units (i.e. an amount per unit) for:
 - personnel costs of SME owners/natural persons not receiving a salary;
 - personnel costs calculated by the beneficiaries according to their usual cost accounting practices (average personnel costs);
 - costs of internally invoiced goods and services calculated by the beneficiaries according to their usual cost accounting practices; and

- specific unit costs (if provided for in the specific call conditions; see also Annex 2a of the grant agreement);
- flat-rate (i.e. costs calculated by applying a percentage fixed in advance to other types of eligible costs) for:
 - indirect costs (25% flat-rate of the total eligible direct costs, excluding eligible direct costs for subcontracting, financial support to third parties and any unit costs or lump sums which include indirect costs);
- lump sum (i.e. a global amount deemed to cover all costs of the action or a specific category of costs, if provided for in the specific call conditions).

Within a grant, different forms of costs can be used.

Costs can also be declared under several EU Synergy grants, if provided for in the specific call conditions and the funding under the grants does not exceed 100% of the costs and contributions declared to them.

GENERAL INSTRUCTIONS

This workbook enables you to present the detailed estimation of costs of your lump sum project and to calculate the lump sum breakdown per beneficiary and per work package. It must be uploaded as an additional document at the 'Proposal forms' step of proposal submission. This is mandatory. If you do not upload the Excel workbook, the proposal submission will be blocked.

You **must not change the structure** of this workbook (e.g., do not add, remove or modify rows, columns or tabs).

Comprehensive guidance and background on [lump sum funding under Horizon Europe](#) is available on the Funding & Tenders Portal. To get started, we recommend to read the guide [Lump sum funding – what do I need to know](#). This includes details on how to complete this Excel workbook. The weblinks are provided in column E.

We recommend using Excel 2013 (Windows) / Excel 2016 (Mac OS) or more recent.

The only currency used in this workbook is EURO.

You **must complete** the following sheets: 'BE list' – 'WP list' – 'BE' (one sheet for each beneficiary) – 'Depreciation costs' (if any). The appropriate number of individual beneficiary sheets ('BEx') will be generated automatically with data from the 'BE list' and 'WP list' sheets.

The information in this workbook **must correspond** to the main proposal. For example, the list of beneficiaries and affiliated entities and the list of work packages must be the same. Likewise, the tables in section 3.1 of Part B of the proposal must be in line with the budget presented here (e.g., table 3.1h 'purchase costs', and table 3.1i 'internally invoiced goods and services').

AR KO SĀKT- PROJEKTU RAKSTĪŠANĀ?

- Nelielās komandās vai grupās pārrunājam idejas un organizācijas iespējas;
- Dalāties ar informāciju par projektu konkursiem ar saviem sadarbības partneriem;
- Savlaicīgi reģistrējam organizāciju kā potenciālais programmas dalībnieks, un saņemam PIC – reģistrācijas numuru
- Izpētām dalības nosacījumus un kritērijus programmā un tematikās, sekojam līdz regulārajiem konkursiem.

Kā validēt un reģistrēt organizāciju?

2.1 Registration and validation of your organisation

Before submitting an application, all participants involved in the proposal must first be registered in the Portal [Participant Register](#) and have their 9-digit Participant Identification Code (PIC number).

You can verify directly on the Portal whether your organisation is already registered and has a PIC. If not, please proceed with the registration following the instructions on the same page (the **Registration wizard** will help you through the process). Once completed, you get the PIC to be used in your online application form and further correspondence with the EU services.

If you do not have a user account (EU Login), you will first need to create one, before starting the registration process. If you already have a user account (EU Login), you can log in and directly start registration.

⚠ Please note that the Participant Register is primarily directed at organisations and that not all of the labels fit for individuals (natural persons). Enter your information as appropriate (e.g. *country of residence instead of country of registration, passport number instead of registration number, etc*).

TURPINĀM.....

Izvērtējam ar ko kopā startēt, vai kāds jāuzrunā organizācija – vai kā fiziska persona **cilvēks-speciālists**?

Ja organizācija – **būs projektā kā partneris** – jādalās ar darbiem, atbildību un budžetu- jādomā sadarbība no vienas valsts partnerības ar dažāda veida organizācijām – Augstskola, Zinātniskais institūts, Industrija, MVU, biedrība, asociācija utt.

Ja kā cilvēks – **speciālists**- jāzin, kā varēs pieņemt darbā savā organizācijā un kādā statusā- viespētnieks, inženieris, eksperts, laborants vai cits amats atbilstoši organizācijas lietotajām amatu saimēm un darba uzdevumiem projektā

DARBS KOMANDĀ UN KOPĀ AR PARTNERIEM

Vienmēr meklējam savai idejai kompetentus-
zinošus partnerus (atbilstoši konkursa
nosacījumiem), un sadalām plānoto darbu un
aktivitātes («Dzirdīgs ausis un atbalsta plecu»)

Tad arī rezultāts neizpaliks 😊

SEARCH FUNDING & TENDERS HOW TO PARTICIPATE PROJECTS & RESULTS **WORK AS AN EXPERT** SUPPORT

Work as an expert

The European Union Institutions appoint external experts to assist in the evaluation of grant applications, projects and tenders, and to provide opinions and advice in specific cases.

Watch later Share

Watch on YouTube

In particular, experts assist in:

- **Evaluation** of proposals, prize applications and tenders
- **Monitoring** of actions, grant agreements, public procurement contracts

In addition, experts provide opinion and advise on:

- **Preparation, implementation and evaluation of EU programmes and design of policies.**

In order to select experts, the European Union Institutions publish regularly calls for expression of interest (see list below) detailing the selection criteria, the required expertise, the description of the tasks, their duration and the conditions of remuneration.

Interested? Please join the database of external experts!

[Register as expert](#)

As **new expert**, you will be first requested to create your EU login account and register your profile.

Registered experts can update the profile via the My Expert Area after **login**.

Atbalsts Starptautiskās programmas projektiem

🕒 Atskaņot tekstu

Publicēts: 21.02.2023.

Starptautiskā programma

Finansiālu atbalstu Eiropas Savienības pētniecības un inovācijas programmu un to apakšprogrammu ietvaros apstiprinātiem projektiem Latvijas Zinātnes padome (LZP) piešķir saskaņā ar Ministru kabineta 2015. gada 26. maija noteikumiem Nr. 259 "[Atbalsts piešķiršanas kārtība dalībai starptautiskās sadarbības programmās pētniecības un tehnoloģiju jomā](#)".

Finansiālu atbalstu var saņemt zinātniskā institūcija vai uzņēmums (turpmāk – atbalsta pretendents), kas ir kādas no šādu programmu atbalstīta projekta dalībnieks:

- Pētniecības un inovācijas pamatprogramma (Horizon 2020) Apvārsnis 2020,
- Pētniecības un inovācijas pamatprogramma (Horizon Europe) Apvārsnis Eiropa,
- Pētniecības un mācību programma EURATOM,
- Apvārsnis 2020 ES dalībvalstu kopējās programmas vai kopuzņēmuma ietvaros atbalstīts projekts,
- Apvārsnis 2020 ERA-Net Cofund aktivitātes ietvaros atbalstīts pētniecības projekts,
- Apvārsnis Eiropa Eiropas Partnerības ietvaros atbalstīts pētniecības projekts,
- Dalībai COST programmas akcijas pasākumos vai COST akcijas pasākumu organizēšanai Latvijā,
- Eiropas Pētniecības infrastruktūras European Social Survey organizēts pētījumu posms,
- Eiropas Pētniecības infrastruktūras SHARE organizēts pētījumu posms.

Lai saņemtu finansiālu atbalstu iepriekšminētās programmas vai aktivitātes ietvaros atbalstīta projekta īstenošanai, pretendents LZP iesniedz pieteikumu par atbalsta piešķiršanu.

Pieteikumu par atbalsta piešķiršanu izskata un finansiālo atbalstu projekta īstenošanai piešķir Izglītības un zinātnes ministrijas izveidota projektu vērtēšanas komisija.

Izglītības un zinātnes ministrijas rīkojums par komisijas izveidi

Saskaņā ar projektu vērtēšanas komisijas lēmumu LZP slēdz līgumu ar atbalsta pretendentu par projekta īstenošanu. Projektu īsteno pa posmiem, kas katrs tiek plānots apmēram uz 12 mēnešiem. Atbalstīto projektu ieviešanu atbilstoši līgumā noteiktajam uzrauga LZP. Līgumā norādītajos termiņos atbalsta pretendents iesniedz LZP atskaites par projekta vai projekta posma īstenošanu un sasniegtajiem rezultātiem.

- Valsts pētījumu programma (VPP)
- Fundamentālo un lietišķo pētījumu projekti (FLPP)
- Pēcdoktorantūras programma
