international supply  
chains, competitiveness in  
foreign markets**

**Bridging the skills gap  
and lifelong learning in  
the security and defence  
sectors**

# **NATO's Climate & Security agenda: challenges for Latvian defence and security and opportunities for industry on 06/11/2023 in Riga**

- 1** Improve energy efficiency, water and fuel resource management,
- 2** Improve resilience of utilities,
- 3** Invest in sustainable mobility e.g. through alternative fuels and propulsion systems and/or improved fuel efficiency,
- 4** Improve climate and emissions data collection,
- 5** Retrofit infrastructure based on climate resilient/ ecodesign principles,
- 6** Incorporate climate change into land management and the selection of training sites,
- 7** Build supply chain resilience, e.g. through anticipatory logistics.

# Thank you for your kind attention !
